PETITION TO WITHDRAW HOLDING OF ABANDONMENT
UNDER 37 C.F.R. 1.181

Dear Sir:

Applicant hereby petitions and requests that the above-identified (now abandoned) patent application be restored to pending status and that the claims directed to the species of the invention illustrated in Figures 2A, 2B and 2C (brass rivets ornaments) be examined and an office action issued on the grounds that a timely response to the office action mailed November 9, 2004 electing such species without traverse was timely filed. Copies of (1) the office action mailed November 9, 2004, (2) Applicant's response (Amendment/Election of Species) mailed

BEST AVAILABLE COPY

February 7, 2005 (with First Class mailing certificate),

(3) post card receipt dated February 9, 2005 and (4) Notice of Abandonment mailed February 8, 2007 are enclosed in support of this Petition.

BACKGROUND

A Notice of Abandonment mailed February 8, 2007 states "This application is abandoned in view of...A response to an election/restriction requirement was received on 02/09/05. The response time for the election/restriction requirement expired on 12/09/04. No late fee was received and therefore the application is abandoned."

The cover page of the office action at issue indicates a mailing date of "11/09/2004". The page immediately following the cover page states, at the top, "Period for Reply A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION." A certificate of mailing at the top of the Amendment/Election of Species states that the document was deposited addressed to the Commissioner for Patents, P.O. Box 1450, Alexandria, Virginia 22313-1450 on February 7, 2005 and the post card receipt indicates that the Amendment/Election of Species was received by the United States Patent and Trademark Office on February 9, 2005. Receipt of the

Amendment/election of Species on February 9, 2005 is further acknowledged by the Patent Examiner in the Notice of Abandonment.

ARGUMENT

Applicant was entitled to file a response to the office action within and up to three months from mailing date of November 9, 2004 (11/09/2004) of the office action. Such period for response extended to February 9, 2005 (02/09/05). Since receipt by such date is acknowledged by the U.S.P.T.O., the holding of abandonment is erroneous and has no basis in fact.

CONCLUSION

For the foregoing reasons, Applicant is clearly entitled to relief and therefore prays that the current petition be granted relieving it from a holding of abandonment.

Respectfully submitted,

Elliott N. Kramsky

DETAILED ACTION

Election/Restrictions

1. Claims 1-13 are generic to a plurality of disclosed patentably distinct species comprising figures 2A, 2B and 2C (brass rivet ornaments), figures 3A, 3B, 4A and 4B (domed button ornaments), figures 6A, 7A and 8A (circular ornament with bar for securing a decorative device), figures 6B and 7B (star ornament with bar for securing a decorative device) and figure 8B (star ornament and elongated decoration fixed to a plurality of ornaments). Applicant is required under 35 U.S.C. 121 to elect a single disclosed species, even though this requirement is traversed.

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alissa L. Hoey whose telephone number is (703) 308-6094. The examiner can normally be reached on M-F (8:00-5:30) Second Friday Off.
